

Photovoltaic Power Generation and Energy Storage Exhibition

When is the 17th international photovoltaic power generation & Smart Energy Conference & Exhibition?

The 17th International Photovoltaic Power Generation and Smart Energy Conference & Exhibition Dates and venue: June 13-15, National Exhibition and Convention Center (NECC) Shanghai Overview:

When is SNEC PV+ photovoltaic Conference & Exhibition?

Dates and venue: June 13-15, National Exhibition and Convention Center (NECC) Shanghai Overview: The SNEC PV+ Photovoltaic Conference & Exhibition has grown significantly since 2007, becoming one of the most influential events in the photovoltaic industry calendar.

What is the photovoltaic industry conference?

The exhibition showcases the entire photovoltaic industry supply chain, including production equipment, materials, cells, applications products and systems. The conference will cover market trends, cooperation strategies, policy directions, cutting-edge technologies and photovoltaic finance.

Why is the photovoltaic industry important?

The photovoltaic industry, as a high-tech and high value-added industry, is one of the important ways to promote the transformation of energy structure from traditional fossil energy to clean energy, and also lays a solid foundation for the development of green and low-carbon energy.

Why should you attend the PV Expo?

Since its inception in 2007, the event has become a large-scale platform for international cooperation and exchange, setting the direction for the development of global PV industry technology in equipment manufacturing, market positioning and application models.
