

# World Microgrid Market

What is the global microgrid market size?

The global microgrid market size was valued at USD 9.88 billion in 2023 and is projected to grow from USD 11.24 billion in 2024 to USD 37.35 billion by 2032, exhibiting a CAGR of 16.19% during the forecast period. Asia-Pacific dominated the microgrid market with a market share of 43.02 % in 2023.

How big is the microgrid market in 2024 & 2032?

The market is further expected to grow at a CAGR of nearly 10.4% in the forecast period of 2024 and 2032 to reach a value of approximately USD 70.74 billion by 2032. The dominant region for the microgrid market is North America, accounting for a quarter of the market share.

Where is the microgrid market located?

The dominant region for the microgrid market is North America, accounting for a quarter of the market share. Development in the region is triggered by the growing use of microgrid in defence as well as remote systems to improve cyber-attack protection.

What are the major trends in the microgrid market?

A significant trend in the microgrid market is the integration of renewable energy sources. Efficiency is improved by the emergence of smart microgrid with sophisticated control system. Energy storage innovations are essential to the market growth of microgrid. Adoption of microgrid is encouraged by government regulations and incentives.

What are the regional microgrid markets?

The regional microgrid markets include North America, Europe, the Asia Pacific, Latin America, and the Middle East and Africa. There is an increasing demand for microgrid systems that allow customers and developers to achieve the environmental goals by using renewable energy as a source of electricity.

Why is the microgrid market growing in 2022?

The microgrid market saw significant growth between 2018 and 2022, fueled by factors such as rising distributed energy systems resilience awareness, concerns about climate change, and technological improvements. Energy industry business executives and entrepreneurs have been attentively watching this development.
